EDUCATION

Georgia State University, Robinson College of Business **Atlanta, GA**
Bachelor of Business Administration, Computer Information Systems **December 2027**
Concentration in Data Analytics
Relevant Coursework: Data Structures | System Level Programming | Principles of Computer Science | AI Data Management | Machine Learning Analytics | Marketing Analytics | Computer Organization & Programming | Software Engineering

- **Extracurricular Activities**: ColorStack | Student Government Association, Programming Director/Member | RISE in Computing | Atlanta Mission, Volunteer | Management Consulting Case Competition (Spring 2026)

EXPERIENCE

Incomm Payments **October 2026**
Incoming Data Analyst Intern

Douglas Cluster 360, RedefinED **Sept 2026 – Present**
Data and Research Intern

- Analyzing neighborhood investment indicators and demographic trends to support strategic planning
- Building reusable marketing and communication templates for committee use
- Producing a public-facing narrative that makes the case for the Douglas Cluster as an educational priority

Council for Advancement and Support of Education **June 2026 – July 2026**
Donor Experience Intern

- Cleaned and validated a dataset of 300+ donor records using Python (pandas), performing duplicate detection, missing-value analysis, and segmentation to identify engagement patterns that informed fundraising outreach strategies
- Utilized Salesforce CRM systems for documentation and supporting data-driven campaigning
- Designed and executed donor outreach campaigns, resulting in funds over $1,000

Georgia State University Andrew Young School **Sept 2025 – May 2026**
Data and Marketing Assistant

- Pitched an enhanced marketing and communications approach through new design standards and proposed events
- Built Tableau dashboards using filtered datasets and calculated metrics to track student and alumni engagement, reducing manual reporting efforts and improving visibility into participation trends
- Created "Learn to Serve," an event focused on connecting AYS students with Atlanta through community service

TECHNICAL PROJECTS

User Authentication System **October 2026**
HTML, PHP, MySQL, XAMPP

- Developed an authentication system that collects user credentials through an HTML interface and processes requests with PHP
- Implemented backend data handling for user registration, validation, and database consistency

Black Author Platform **August 2026 - Present**
Python, PostgreSQL, Supabase

- Developing a full-stack book discovery and review platform enabling users to create accounts, rate books, and publish reviews
- Designing a relational PostgreSQL database using Supabase to manage user authentication, reviews, and personalized reading lists

LEADERSHIP

Georgia State Student Government Association **Aug 2024 – May 2026**
President's Cabinet Programming Director, Member

- Leading speaker for Atlanta Public Schools (i.e., Frederick Douglass High, KIPP), promoting collegiate student government, and speaking on the importance of education
- Served in "Pathways to Power," a learning experience for students studying government, civics, history, political science, and leadership

Andrew Young School - Pulse on Policy '26 **Feb 2026**
Project Assistant, Lead Designer

- Created creative assets for the Pulse on Policy Presentation, shown to Atlanta city leaders in policy and over 15 Georgia State University alumni
- Coordinated project tracking, team synchronization, milestones, and timeline management

PROFESSIONAL DEVELOPMENT

Black Venture Capital Consortium **September 2026 - Present**
Product Management Cohort
RISE in Computing **September 2026 - Present**
RISE Scholar
TMCF Google Launchpad **September 2026 - Present**
Cohort Member
Codehouse **June 2026 - Present**
Backend Bootcamp, Frontend Bootcamp

SKILLS AND CERTIFICATES

Skills: Python, SQL, JavaScript, React, Supabase, PostgreSQL, Firebase, Git, Tableau, Salesforce CRM, Excel, XAMPP, PHP
Certificates: CodeHouse Bootcamps: Back End Development, RISE in Computing Scholar Certificate, Google Cloud Generative AI Leader Certificate, Google Data Analytics
